

How does The Albany meet my child's needs?

Every student's needs are considered on an individual basis and provided for on a personalised level. We determine these needs in consultation with parents/carers, previous schools and other agencies. We carry out detailed assessments on entry and routinely cater for needs to do with literacy, numeracy, emotional and social skill needs.

We work with and refer to, other specialist agencies as appropriate. We have regular staff training and constantly evaluate the progress of all of our learners. OFSTED say our provision is "good"
